29.02.2012

Combining the latest technology in radio communication along with a sturdy mechanical frame, the **MIDLAND G7 XTR** makes the ideal solution for both the professionals who need to stay in touch with colleagues or with leisure users that just want to keep up with friends and family. Its robust frame, ease of use and simple design mean that it is ideal for use in any activity.

The **MIDLAND G7 XTR** is extremely practical and operates on both PMR446 and LPD bands (the G7E XTR version operates on the PMR446 band only); it incorporates all the functions that you would expect to see on the latest and most advanced transceivers and guarantees reliability and maximum efficiency.

Other key features include an LCD backlit display and an auto power save function, which reduces battery consumption by up to 50%.

All of the features on this outstanding radio are easily accessible thanks to the centrally mounted controls.

**COLOR:** Black

**COMPLYING TO CE/99/05**
